

# Information for Entrants to Korea

- ◆ Koreans and foreigners who do not hold a certificate of negative PCR test result for COVID-19 (including those who hold a non-conforming certificate) shall be restricted from getting on board the aircraft. (Regardless of vaccination status)
  - \* However, if the certificate of negative PCR test result for COVID-19 is found non-conforming after arrival in Korea, the Koreans shall be put to **5-day** facility quarantine (at their own expense) plus **2-day** self-quarantine, and the entry of the foreigners shall be refused.
  - ※ As to the entrants who are exempted from submitting a certificate of negative PCR test result, refer to 'FAQ related to Submission of a Certificate of Negative PCR Test Result' in the announcement.
- ◆ **Instructions on how to use the pre-entry quarantine information system**
  - Complete implementation for travelers arriving at Incheon International Airport, with future plans of extending to regional airports and ports.
  - Q-CODE system users are not required to submit a health status questionnaire or a special quarantine report (verified by the system)
  - ※ Details, including who can use the system and how to use it, are available at <https://cov19ent.kdca.go.kr>
- ◆ **Conduct a Rapid Antigen Test (RAT) on the sixth or seventh day following the arrival date.**
  - (RAT) By self-examination or visit medical facilities or screening clinics
  - \* However, entrants from overseas aged 60 and over can undergo PCR testing at screening clinics of public health centers
  - Maintain the current status for persons in facility quarantine (Conduct a PCR test on the sixth or seventh day)
- ◆ **Quarantine exemption for people who have completed vaccinations**
  - \* In Korea: 21 March 2022 ~, Overseas: 1 April 2022 ~
  - Individuals who have completed vaccination are exempt from quarantine; however, entrants from abroad are not exempted from quarantine.
  - The procedures for individuals who have completed their vaccinations outside of Korea are identical to those who have completed their vaccinations in Korea. (1 April ~)

Section	Input quarantine information via pre-entry system (Q-Code)			Effective date
	Arrival information	Vaccination history	Certificate	
Entrants who have completed vaccination in Korea	⇒ Direct entry of passport number, etc.	⇒ Automatic link of vaccination history	⇒ Not required to attach a certificate	21 March 2022 ~
Entrants who have completed vaccination abroad	⇒ Direct entry of passport number, etc.	⇒ Automatic link of vaccination history	⇒ Not required to attach a certificate	1 April 2022 ~

※ **Definition of individuals who have completed vaccination**

- ▶ **(Those who completed vaccination in Korea)** Refers to an individual who has completed the second vaccination as of the date of admission into Korea or who has completed the third (booster) vaccination following the second vaccination and can verify the immunization history
    - \* 14 to 180 days following the second dosage of a vaccination (1st dose for Janssen) that has been approved in Korea
    - **(Verification)** After putting information into the pre-entry system for quarantine information (Q-CODE), check vaccination history using the given QR code.
    - \* Those who have completed vaccination in Korea are immediately enrolled in the pre-entry system (You do not have to attach a certificate)
  - ▶ **(Those who completed vaccination outside of Korea)** Refers to an individual who has received the second vaccination\* from outside the country as of the date of entrance or who has received the third (booster) vaccination following the second vaccination and can verify the immunization history.
    - \* 14 to 180 days following the second dosage of a vaccine (1st dose for Janssen) that has been approved by WHO
    - **(Verification)** After putting information into the pre-entry system for quarantine information (Q-CODE), check vaccination history using the given QR code.
    - \* Those who have completed overseas vaccination are required to attach a certificate of immunization history to the pre-entry system
- ※ **'Those who have completed vaccination outside of Korea' are treated the same as 'those who have completed vaccination in Korea' when providing their vaccination history registered in the domestic vaccination certification**

□ **Symptomatic Entrants**

Classification	PCR test	Test result	Action
Symptomatic entrants	Arrival Hall or Central Quarantine and Medical Support Center (Quarantine Facility)	Positive	Transfer to one's residence, hospital, or treatment facility
		Negative	The procedure for the asymptomatic entrants shall be followed by object. (It shall be considered that the PCR test to be conducted within 1 day after the entry has been completed.)

□ **Asymptomatic Entrants**

Classification	Certificate of Negative PCR Test Result	PCR Test within 1 day after Entry	Quarantine	Additional Test	
<p><b>Entrants who have completed vaccination in Korea</b>                      * Same process of those who have completed vaccination overseas (1 April ~)</p>	Koreans/ Long-stay Foreigners	Submitted (Conforming)	Public Health Center	Exempted from quarantine after negative confirmation (Manual monitoring)	Conduct RAT on the sixth or seventh day
	Short-stay Foreigners	Submitted (Conforming)	Incheon Airport COVID-19 Test Center or Medical Institution (own expense)	Exempted from quarantine after negative confirmation (Manual monitoring)	Conduct RAT on the sixth or seventh day
Others	Koreans/ Long-stay Foreigners	Submitted (Conforming)	Public Health Center	Self quarantine for <b>7 days</b>	RAT on the sixth or seventh day
	Short-stay Foreigners	Submitted (Conforming)	Test in a temporary residential facility and facility quarantine for <b>7 days</b> (expenses for 7-day quarantine facility to be covered by the entrants)	PCR test on the sixth or seventh day
